 Zahid Asghar

## About me

I am applied econometrician and statistician with special interests in development economics, making sense of data through Data visualization and have conducted a large number of trainings on data analytics using Excel, STATA, R and EVIEWS. I have expertise in using R, STATA and Excel, and comfortable in using Datawrapper, Tableau, SPSS and EVIEWS for data analysis. I am actively engaged in playing with data particularly *PovCalnetR*, *PDHS*, *PSLM*, *WDI using R* among many other survey data sets. I have published in gender, food security and other socio-economic issues both in national and international peer reviewed journals. I am keen in having better awareness of development indicators in the society and to contribute to an evidence based decision making in socio-economic policy. I have strengths both in Statistics and Economics
